

The Cottage Inn

COVID19 Safety Precautions

- We have limited the number of tables available to allow for social distancing, to prevent queues on entering the premises & for using the toilets. Due to these limitations & to stagger arrival times, again to prevent queues, we are operating a Table Reservation System Only. It is essential that you book a table in advance even if you are only here for drinks in the bar or outside. We will try to accommodate walk-in visitors but this cannot be guaranteed & there may be a significant wait.
- If you require wheelchair access please notify us when booking your table.
- Hand sanitizer is available throughout the building, please use this frequently.
- We have a one-way system for entering the premises from the rear & for access to the toilets.
- With only one accessway at the front of the premises we cannot implement a one-way system here. Please be considerate of others & observe the social distance when entering or leaving by the front door.
- Please comply with the notices placed around the building e.g. waiting at the entry points to be taken to your table or for you to be called to the bar to order for outside etc..
- Access to the toilets is on a "one in, one out" basis as it would be impossible to socially distance here.
- We ask that customers do not move the tables & chairs. They are laid out to allow for social distancing.
- Once seated at your table you will be given full table service. There is no need to approach the bar other than to order for outside.
- Regular sanitization of public areas, toilets & frequent touch points will be carried out. Please be patient & allow our staff to carry out these tasks whilst maintaining the social distance.

A REMINDER OF THE GOVERNMENT SOCIAL DISTANCING RULES:

You should:

- gather indoors in groups of no more than two households (including your support bubble) - this includes when dining out or going to the pub
- gather outdoors in either a group of up to 6 people from different households or up to two households (including your support bubble)
- not hold or attend celebrations of any size (such as parties) where it is difficult to maintain social distancing
- not stay overnight away from your home with members of more than 2 households (including your support bubble)
- limit social interaction with anyone outside the group you are attending a place with, even if you see other people you know, for example, in a restaurant, community centre or place of worship
